# Multiple Access & Mobile Centric

The background of the slide features a hand holding a smartphone. Overlaid on the image is a network diagram consisting of yellow nodes connected by thin white lines. Several circular icons are placed at specific nodes: a laptop icon in the upper left, a truck icon on the left side, a desktop monitor icon in the lower left, and a tablet icon in the lower right. The central smartphone screen displays a prominent white Wi-Fi signal icon. The overall color scheme is blue and yellow.

# Assets Control

The image depicts a hand reaching towards a series of interlocking gears on a dark, blue-toned background. The central gear is the largest and contains the text 'ASSET MANAGEMENT'. Other gears feature icons: a bar chart with an upward arrow, a house, a dollar sign, and a smaller gear set. The background is filled with faint, glowing digital elements, including a world map, a network diagram, and various icons like a folder, a target, and a lightbulb. The overall aesthetic is high-tech and professional, suggesting a focus on digital asset management and control.

# Inventory Control

A wide-angle photograph of a large industrial warehouse. The space is filled with stacks of cardboard boxes, some on pallets and others on high industrial shelving units. The warehouse has a high ceiling with a complex steel truss system and numerous skylights providing natural light. A yellow crane is visible in the background. The overall scene depicts a well-organized inventory storage facility.
